Aluminum Casting Plant Seeks New Location In Antioch on Village Lot

Board Agreeable to Sale if Sewer System Can be Extended

An aluminmum casting manufacturing company wants to move from Chicago to Antioch and the owners have asked the village to sell them an acre of ground east of the Soo line tracks at Ida ave.

The land is a part of that used as a ball grounds and park and was obtained by the village during President George Bartlett's administration.

The village trustees were told by Attorney Ed Jacobs that they have the power to sell the land without a referendum but must give legal notice of their plans.

Members of the board decided that while they are agreeable to selling the plot, they want to make sure that it is high enough so that sewage can be emptied into the village sewer system.

The factory at present employes 12 men and is suitable to Antioch's needs. The owner lives in this vicinity.

Among minor matters attended to Tuesday evening was the heating of the fire station. The use of Dri-Gas to heat the entire building is considered too expensive and if that type of heat must be continued, a larger tank must be purchased.

The board decided to keep the present tank and heat the upper floor with a circulating oil burner. The truck room need not be regular room temperature because the motors will work better in freezing weather when they do not come from a warm place, it was said.

The cost of street surfacing so far has been $1,891.94 and will run more than $2,500. Bills to be paid through motor fuel tax were authorized for the Liberty Petroleum Co., in the following amounts:

Park ave., $367.30, and $257.30; East of St. Peter's church, $339.50; Williams st, $29.80; Park Lane $483.-64 and $414.40.

Among the village officials who will attend the state convention of the Municipal league at Springfield next week are Trustees Merrill Cunningham, Edgar Simonsen and Art Rosenfeldt and Attorney Edward Jacobs.

Wheatland Township Denied Request to Join Wilmot H. School Dist.

In a stormy session Saturday at the Wheatland (Wis.) fire station, Wheatland township was denied its request to withdraw from the new central district and unite with Wilmot.

A petition with 200 signatures brought the proposal to discussion, but the township was voted down by Paris, Bristol, and Brighton. Salem was the only township favoring the withdrawal.

Earlier Paris was denied the right to right to withdraw and since that township failed it opposed Wheatland.

Wheatland argued that its nearness to Wilmot should give it the right to join that high school district and Glen Pacey of Wilmot argued for the move. He warned of high taxes in the new district, and those of the new district aware of that situation are attempting to keep as much taxable territory in it regardless of location.

Some students will have to drive past Wilmot in going east to the distant school of the new district.

Horace Fowler, director of the central high school group, said he would "fight any political move by any selfish minded group for selfish interests."

Mrs. Church Will Be Guest Speaker at Tea Here Tuesday, Oct. 24

Mrs. Marguerite Stitt Church, candidate for congress, from the 13th district will be guest of honor and the speaker at a tea to be given by Republican women of Antioch and Lake Villa townships at the Scout home here at 2 p. m., Tuesday, Oct. 24.

This probably will be Mrs. Church's only appearance in Antioch before the election in November.

All women in the area of the two townships are invited to be present and meet Mrs. Church regardless of their political affiliations.

Mrs. Church spoke before a group in Waukegan Monday and made a very good impression.

Bear Hunt Ends When Berwyn Man Shoots Bruin Near Fox Lake

A black bear that frightened the residents of the Grass lake area is now a good rug.

The animal that escaped from its cage a week ago at the Louis Pregenzer resort, was shot Saturday night by a Berwyn man, near his Fox Lake cottage.

Ralph Mizar told sheriff's deputies that he was on his way home from a dance when he saw the 175-pound black bear asleep in a tree. Without disturbing it he got his shotgun, loaded it with buckshot and returned.

The charge struck the bear in the head and neck and the animal never knew what hit it.

Known to the owner as Grumpy, the bear was brought from the north woods to the resort and placed in a wire cage. It brooded over its captivity and lost weight. Once it escaped but returned to its cage three days later when it became hungry. This time it was loose over a period of nine days.

Parents of school children feared for their safety and the entire community was on the alert for it.

Pregenzer got the body of the animal and took it home. He said he probably would have the head mounted.

200 Attend Conference Of District Council Of Catholic Women Here

More than 200 women from 25 parishes in Lake county and vicinity comprising a district of the Chicago Archdiocesan Council of Catholic Women met at St. Peter's church yesterday afternoon in a quarterly conference on church affairs.

Mrs. Alex Rafferty, Jr., president of the organization, was in charge, and introduced as the principal speaker, the Rev. Thomas J. Fitzgerald, assistant director.

Father Fitzgerald told his audience that this is a man's world because women have made it so. He pointed out their purpose in life, showing where they had failed and had succeeded and declared that they have a large part in preventing the cruelty that men have resorted to.

Mrs. Edmund J. Sullivan, archdiocesan president "Leadership in the Lay Apostolate," telling of the work the women can do in medical missions study clubs, the decensy crusade for the protection of the morality of youth, and in assisting the St. Vincent orphanage.

Mrs. Crossen, a summer resident of Round Lake, spoke on Red Cross work, emphasizing bandage making.

Mrs. Anthony Sculley was chosen a member of a committee to nominate officers for the council's election in February.

Refreshments were served at the close of the meeting.

The Rev. Francis M. Flaherty is pastor of the local parish.

Edward Haley, Aged 2 Saved From Drowning During Birthday Picnic

A happy birthday party would have become a tragedy had not the Antioch Rescue squad not been able to revive 2-year-old Edward Haley, son of Mr. and Mrs. Thomas F. Haley, Jr., Trevor rd., who fell in a channel at the Norshore Gardens of Lake Catherine Monday afternoon.

The family picnicked at the resort in celebration of the boy's birthday anniversary.

About 3 p. m. after they had packed ready to go home, Edward was missed. He was finally spotted floating face downward in the channel by Mrs. Marie Lundergard and she pulled him out.

The Rescue squad made a quick run and revived him with a resusitator in about 10 minutes.

Capt. Herman Holbek said the little boy was blue and rigid when the squad arrived but that he responded rapidly.

Buys Purebred Milking Shorthorn

Wilbur Hunter, Antioch has added to his herd by the purchase of Imperial Paul of Argyle from Mrs. Wm. P. Tague, Rte. 173. The new animal is a purebred Milking Shorthorn and the record of the transfer of ownership has been made by the American Milking Shorthorn Society at Springfield, Missouri.

Athletic Program At High School to Provide for Many

Three Squads for Major Sports to Encourage Students

Principal R. C. Edmundson of Antioch Township high school this week announced that a new type program in athletics would be put into effect at the school. The new plan will do much to correct some of the faults of the old system, where only a few students were able to derive the benefits of competition with other students.

Mr. Edmundson said that underclassmen would be encouraged by the program, in that they would have the opportunity to compete with others of their own age. In the past, the underclassmen have not been able to "make" the varsity squad, and have been classed as "scrubs". Under the new set-up, the freshmen and the sophomores will each have their own teams, their own coaches and their own schedule of games.

Edmundson said, in the release furnished the News, "Competitive athletics is as old as the secondary school. Its program is based upon desire of adolescent boys to test their mental and physical skills against those of their friends and neighbors. Before the days of organized sports the outlet for the surplus energy of the young men of the community was satisfied by feats of individual prowress most generally at the cross road store.

"Administrators have realized that this urge for competition is an excellent basis for wholesome growth and development of young men if properly organized and supervised. In the early days competitive sports in high schools was "coached" by some one in the community who had most generally competed in college but who was not a regular member of the faculty. The next step in the development of the program was the regulation of requiring the person who is responsible for the athletic teams to be a regular certificated teacher and a teaching member of the faculty.

"With the increase in enrollment in the school it has been necessary to enlarge the program to take care of all the boys who wish to compete. This is done in the Antioch High school as it is in most high

(Continued on page 10)

Gypsy Joe - Goelz To Tangle Saturday At Waukegan Gym.

The grudge battle between Billy Goelz, IWPA junior heavyweight titlebelt holder and Gypsy Joe, colorful member of the Romany tribes, will be resumed next Saturday night in the Waukegan High school gym, when the pair meet in a sixty-minute event with a two out of three fall verdict.

The real battle in their first engagement became bitter when Billy Goelz suffered a cut eye. The blonde atomic star enraged by Gypsy Joe's hard boiled tactics, threw his opponent through the ring ropes and cracked up the ring.

The bitterness was such between them that a rematch was ordered and as a result the pair will meet Saturday.

Goelz was bitter in discussing the match. "I'm fed up with Gypsy Joe's bulldozing," declared Goelz, "and I'm going to put him in his place once and for all. It's quite illegal anyway for him to have his wife at the ringside coaching during the bout."

As for having his wife at the ringside, Gypsy Joe states that she is a valuable aid to him and she knows wrestling from A to Z. She makes quite a picturesque figure in the front row as she silently coaches her husband with code signals.

The all star card has The Mighty Atlas facing "Gorgeous" Billy Darnell in the semi-windup. The Mighty Atlas is rated the most powerful wrestler in the ring today. His feats of strength amaze even the mat experts who have seen everything. Darnell, however, who hails from Philadelphia declares that he knows how to use the proper leverage to nullify the strongest of foes.

An exciting Australian Tag Team match on the card Saturday has Bozo Brown, of California, and Bobby Nelson, of Hollywood, facing Jack Carter, of New Zealand, and Zack Malkov, of Chicago. This match is of sixty minute duration with a two out of three fall verdict. The California duo are exceptionally powerful and clever while Carter and Malkov are experienced and shrewd.

Let's Get Them Together!

'Beyond Reason' Picked By High School Juniors As Class Play Nov. 16

"Beyond Reason," a mystery comedy, has been chosen by the Junior class of the Antioch Township High school as its play to be given the evenings of Nov. 16 and 17.

Mrs. Jeanette Tulumello will be the coach.

The cast will be chosen by Monday and rehearsals will start on Tuesday.

The play, written by Austin Goetz and published by Northwestern Press, has a royalty. It has 12 characters, evenly divided between the girls and boys.

Mrs. Tulumello is returning as coach of the junior class play after an absence of a year. She will also coach the senior play next spring.

Girl Scout Council Met Here Monday, Elected Officers, Made Laws

Thirty members of the Lakeside Girl Scout council met at the Scout Home here Monday evening in establishing new area laws and planning Girl Scout week, which starts Oct. 29.

The annual cookie sale will be during that week according to present plans, and Mrs. Mervyn Smith again will have charge.

Council officers chosen at this meeting are Mrs. C. M. Trowbridge, Grayslake, president; Mrs. Theodore Owens, Fox Lake, vice president; Mrs. Mildred Johnson, Grayslake, treasurer; Mrs. Chris Madsen, Gages Lake, secretary; Mrs. J. Christie, Long Lake camp chairman; and Mrs. Joseph MacMillan, Round Lake, registrar.

The council is composed of leaders, officers and neighborhood chairmen of Antioch, Lake Villa, Grass Lake, Big Hollow, Round Lake, Millburn, Grayslake, and Gages Lake communities.

Rent Director Announces He Will Approve Increases

J. Edwin Porter, rent director for Lake county with offices at 325 W. Washington st., Waukegan, announced he would approve a blanket increase of 15 per cent for dwellings of less than five units where no increase has been granted since June 30, 1947.

The application must be filed in triplicate and the tenant notified. Form D-129 is obtainable at the Antioch News or the Antioch State bank.

Other landlords may be eligible for rent increases and may inquire at the rent office regarding it, Porter said.

DIES SUDDENLY OF HEART ATTACK

Claude McBride, 54, of Zion, died suddenly of a heart attack at his home this morning (Thurs.) Mr. McBride for many years made his home in Millburn. Funeral arrangements have not been completed.

Firemen Prevent Damage

The Antioch fire department made a trip to the H. Lewis property in Woodcrest subdivision at 5:30 p. m. Sunday and quickly extinguished a brush fire between the garage and cottage before it had opportunity to do damage to the buildings.

Antioch and Wauconda To Battle Here Friday; Bensenville Wins 19-13

Antioch High will attempt to break into the victory column tomorrow night when it plays Wauconda High's football team under the lights here.

The Sequoits emerged from a 19 to 13 defeat at Bensenville a little worse for the encounter because of injuries but with the knowledge that they gave the Bensenville team a good battle.

Charles Bach, right half for Antioch suffered a compound fracture of his left arm while carrying the ball in the second half when he was thrown heavily. The game was quite rough as hard fought games are likely to become, but there was good sportsmanship.

Buzz Haviland scored first for Antioch when he picked up a Bensenville fumble and ran 20 yards for a touchdown in the first quarter. Pregenzer kicked the goal.

The second score was made in the fourth quarter when Bob Lubkeman took a pass at end and skirted the Bensenville secondary. The conversion failed.

Bensenville scored in the second, third and fourth quarters on line plays. The Sequoits held them on seven successive plays before they were able to drive the ball over on one occasion.

Antioch played a better brand of ball at Bensenville and if they can keep this up they should win Friday night.

Tabulation of Religious Survey in Progress as Visitation Teams Form

A committee is tabulating the results of a religious survey conducted last week in the Antioch area.

An estimated 1,500 homes were visited by teams gathering information on church membership or affiliation.

This week visitation teams are being organized by the Rev. G. Richard Tuttle of the Methodist church. These teams will be given instruction by the Rev. Kermit Long who will be the speaker at the Preaching mission to be conducted at the Methodist church beginning Sunday evening, Oct. 15, and lasting a week.

The visitation teams will be members of the church and they will meet each night during the preaching mission for supper and then will call in homes of Methodist preference or non church members until the time of the evening service which has been scheduled each evening for 8 o'clock.

Mr. Long is minister of the Trinity Methodist church in Chicago.

Corn Crop Safe from Frost

Warm days last weekend had the effect of drying and hardening most of the corn in this area so that it was not damaged by frost yesterday.

Hospital Committee to Meet Wednesday To Divide Its Work

Long Investigation Needed Before Action Can Be Taken

Nearly all persons appointed to membership on the hospital investigation committee have agreed to serve, Dr. R. D. Williams, chairman, has been informed.

The first meeting of the committee will be held at the Scout home at 7:30 p. m. Wednesday, Oct. 11 when the work of investigation will be divided between members and sub-committees. All persons interested in the project are invited to attend.

No indication of an early action on the erection of a hospital is contemplated, most of the members of the committee feeling that a long study of needs, ways and means, and other factors will be necessary.

Members of the committee expressed an appreciation of the able leadership of their chairman, Dr. Williams, and have indicated a willingness to cooperate faithfully with him.

Gov. Stevenson Starts Campaign to Enforce Law, Reduce Accidents

Mayor James McMillen received a letter from Governor Stevenson asking his aid in a three-point plan of (1) vigorous enforcement of traffice laws against all violators, (2) strict court interpretation of traffice laws and (3) withdrawing privileges from flagrant and persistent violators.

Governor Stevenson asked the mayor to call his police and local judges together and urge them to increase efforts in law enforcement to reduce the number of accidents that are now mounting.

Springfield, Ill.—Illinois' 1950 traffic counter attack was launched today.

Governor Adalai E. Stevenson announced that substantial increase in traffic deaths and injuries in the state have made it necessary to intensify traffic law enforcement. This will be done through more rigid enforcement of traffic laws by state, county and municipal police and stricter handling of traffic law violators by traffic courts.

In his statement launching the counter attack on Illinois' danger-our drivers, Governor Stevenson called the state's 11 per cent increase in traffic deaths "not only a threat to the life of all who use the highways, but a blight on the morals of our times."

He promised redoubled efforts by State Police and other state agencies in meeting the challenger. Letters have gone to mayors, chiefs of police, sheriffs, constables and traffic court judges asking them to take the initiative in curbing dangerous driving practices wherever possible. The letters point out that most of the deaths and injuries are occurring in rural areas and smaller municipalities. The statement said:

"Most of the deaths have resulted from callous and irresponsible actions by drivers who should—and who do—know better. It is our responsibility to apprehend such drivers and through court action remove them from our highways."

Traffic Deaths Increased

The State Department of Public Safety reports 1049 traffic deaths through July, 1950, compared with a total of 949 for the same period last year. Statisticians estimate, in addition to the 1049 deaths, 40,000 injuries and $68,185,000 economic loss from Illinois traffic crashes so far this year.

"We don't have to put up with this slaughter," Governor Stevenson said. "The public officials of Illinois, in cooperation with the officials of our cities, are taking action now. We are confident of the full support of our citizens."

The safety stickers issued last April are good only until November 1, and operators who do not have new certificates by that date face arrests and fines.

Nine hundred official safety lanes throughout Illinois are equipped to inspect lights, brakes, steering gear and other mechanical parts of trucks, tractors and trailers.

Receives Service Award

Mrs. Charles Alvers, Jr., attended a meeting of the Sinclair Oil Co., at the Karcher hotel in Waukegan, Sept. 18 and at this meeting she received an award for 15 years of service with the company.

Big Fish Eat Little Fish

Will Federal electric power projects, if they are expanded far enough, destroy municipal power systems no less than those of the investor owned utility industry? Going by two recent examples, that fear seems to be growing.

One case concerns Kansas, where it has been proposed that the Federal government, through the Southwest Power Administration, spend a large sum of the taxpayers' money for power development. A number of communities which operate their own electric plants have gone formally on record against this, on the grounds that it would lead to unnecessary duplication of facilities and other wasteful practices, that it would weaken local rights and local independence, and that it would endanger the municipal systems.

The other case concerns Nebraska, the 100 per cent socialized-power state, which has been held up as a model by public ownership advocates. The cities there have become dissatisfied with the rates charged for the power they buy from the Nebraska Public Power System. So they have gone to the Bureau of Reclamation to negotiate for power from Federal dams now under construction in the Dakotas. However, they make it plain that they don't want the Bureau to build a Federal network in Nebraska—and it is equally plain that they are now afraid that this is just what the Bureau may eventually do.

The fact is, of course, that if we permit Federal socialized power development to go on, no power system, whether municipally or privately owned, can survive. The big fish will eat the little fish sooner or later. That certainty has lead to opposition to the proposed Columbia Valley Authority bill by the heads of municipal plants in the Pacific Northwest. National socialism—which is exactly what the Federal power program is—must be stopped cold or it won't be stopped at all.

Conditioned To Scarcity

A government bureau has issued a new comparison of commodity costs in the Soviet Union and the United States, based upon the working time required to earn the money needed to buy goods. It is a revealing example of the vast differences between a free, comptitive economy, and a controlled economy in which practically everything is rationed and priced arbitrarily by the government.

To buy a pound of bread the Russian worker must put in 19 minutes, and the American worker six minutes. To buy a bar of soap the respective times are 41 minutes and three minutes. In the case of a pair of women's shoes, the figures are 72 hours as against 3½ hours. If the Russian wants a new suit, he must work 376 hours to earn it. His American equivalent can earn the price in a trifle more than 24 hours.

In Russia, under Communism, all consumer goods industries are rigidly restricted. The standard of living is held at low levels as a matter of government policy.

What is true of producing industry is also true of distribution. Here in America we take our retail stores for granted. They are crammed with goods of all kinds. They do everything they can think of to attract the consumer—through advertising, through eye-compelling displays, through low prices. Competition is rife on every hand, between the chains and independents, the specialty shops and the department stores, and every other kind of retail outlet. To the average Russian, this would seem absolutely unbelievable. He has been conditionel to scarcity.

Retailing is the show window of America. It visualizes the workings of an economic system which has done more for more people than any other system ever devised.

"The Fire Safe Home"

Between now and the same hour tomorrow, fires will break out in about 1100 American homes. That is the average for a 24-hour period.

If that fact doesn't interest you, here is one that will. In that day and night, if it follows the averages, 30 Americans will be killed by fire, most of them in their homes. Many more will be injured and mutilated. Some will be crippled for life.

From the point of view of fire, the home is one fo the most dangerous of all places. Yet it need not be. The hazards are simply the result of ignorance, carelessness and forgetfulness. They are created by human failure. And that can be corrected—in most instances easily and inexpensively.

To attain this goal, the National Board of Fire Underwriters has issued a new illustrated booklet called "The Fire Safe Home." It may be obtained without charge upon request to that organization at 85 John St., New York City 7. The booklet takes the home owner on a tour of his property in search of common fire hazards. It points out the conditions most likely to cause a blaze in each part of the house. And then it provides specific advice on how to eliminate the dangers.

Every home owner should promptly take advantage of this opportunity. Fire loss has been running higher this year than last—during June it reached the highest figure for that month recorded during the past 21 years. And, as the waste rises, the death and injury toll rise with it. Make your home safe from fire now!

Beemsterboer and family in Chicago, and returned home Sunday. Miss Lillian Klem, who lives with the Nauta family and Charles Hamlin drove to Chicago for her.

Mrs. Vern Blust and daughter, Mrs. Ruth Sorenson and her daughter, Mary, left Monday to visit relatives at Lincoln, Chillicothe and Dahinda, Ill. Mrs. Sorenson returned home Friday but Mrs. Blust remained for a longer period and on Wednesday evening they attend the annual chicken dinner at the church where they formerly lived.

UPHOLSTERING

LAKE VILLA

Rev. Merrill Powers, Executive Secretary of the Board of Education of Rock River Conference was guest minister at the Community church last Sunday morning when World-Wide Communion Sunday was observed.

The Official Board met Wednesday evening at the parsonage and will meet also on the last Wednesday of the month with Mrs. Martha Daube at her home. The first family night supper at the church is scheduled for Wednesday night, Oct. 11, and the Woman's Society of Christian Service will be in charge. You are invited to take part.

Mrs. Helen Weber had her sister, Mrs. George Mitchell and husband, of Evanston, as guests last Saturday and Sunday, also Mr. and Mrs. Jerry Plaisance, of Webster Grove, Mo., who remained until Monday. On Saturday evening Mr. and Mrs. Roy Kerr and Mr. and Mrs. Wm. Marks, of Lake Villa, and Mr. and Mrs. LaVerne Dixon, of Gurnee, were her guests.

Mr. and Mrs. Willard Schneider who have been living in Antioch have purchased the Talbott cottage on Burnett Ave., and expect to move in the very near future.

Mrs. Marie Anderson, of Burnett Ave., spent the first of the week in Chicago.

Miss Margaret Langbein, of Chicago, spent Sunday with her brother, Edward Langbein and family, here.

Frank Sherwood, a former resident of Lake Villa was guest of his nephew, Delbert Sherwood a few days last week.

Mr. and Mrs. Makert of Villa Woods sub., entertained Mr. and Mrs. Wm. Somers and Mrs. Stella Pedersen at dinner last Friday evening in honor of Mr. Makert's birthday and on Saturday their daughter and family came out from Chicago to further celebrate.

The Wm. Walker family on Grand Ave., east of the village, was pleasantly surprised last Friday when their son Capt. Wm. Walker, of U. S. Army Air Force, stationed at San Antonio, Texas, called from Chicago, where he and a group of Air Force officers had landed, so he was able to visit with his family until Sunday evening when he returned to San Antonio. He has not been home for more than a year, most of which has been spent in Alaska and the Aleutian Islands. His wife and son live at Enid, Okla.

The Millburn Temple Ass'n., will sponsor a public card party at the Masonic hall on Saturday evening, Oct. 7, at 8 p. m. Pinochle, 500 and bunco will be played. Mr. and Mrs. Connell are chairmen.

Mrs. Arthur Nauta spent last week with her daughter, Mrs. Geo.

Holds Everything...on any hill!

No matter how steep the grade . . . you can park your Chrysler and it won't roll. With Chrysler's new "Easi-Lock" Parking Brake you have three times ordinary braking power. Yet only one-third the effort is required to pull it on with your finger tips. Nothing you've ever used equals its ease and sureness. No straining—yet once it's on, nothing can budge your car. It's just one more new advantage that puts Chrysler still further ahead in safety! Just one more good example of the *built-in value all the way through* that we believe will make you a Chrysler buyer for life. Come in today for the demonstration that will prove you can't beat Chrysler for extra money's worth through and through.

New Easi-Lock Parking Brake
...with 3 times ordinary braking power!

Amazing Chrysler engineering development. Only 1/3 the hand pull required. New internal expanding parking brake is self-energized to multiply effective braking power. Completely enclosed. Mounted on propeller shaft—independent of wheel brakes—the safest, surest brake you've ever used.

See it—drive it . . . there's built-in value all the way through!

Chrysler Driving Advantages:
Fluid Drive . . . automatic gear shifting with exclusive car controll *High Compression Spitfire Engine* . . . extra power at all speeds. Superfinished parts for longer life. Chemically treated cylinder walls for far greater wear! *Waterproof Ignition System* . . . prevents stalling in flood or storm. *Full Flow Oil Filter* keeps oil clean longer.

Chrysler Comfort Advantages:
Chair Height Seats . . . no crouching on the floor . . . *Functional Design* . . . room for your head, legs, shoulders. Easy to enter and leave. *Center-arm Steering* . . . minimizes road shock, wheel fight. *Rubber Body Mountings* . . . *Floating Power* . . . eliminate vibration, help give softest, smoothest ride in history.

Chrysler Safety Advantages:
"Easi-Lock" Hand Brake . . . holds car parked on any hill. *Safety Rim Wheels* . . . won't throw tires after blowouts at normal speeds. *Constant Speed Windshield Wipers* . . . electrically operated—won't slow down when you step on gas. *Safe Guard Hydraulic Brakes* . . . exclusive balanced brake power, smoother stops, less pedal pressure.

The Beautiful **CHRYSLER** with Fluid Drive

ANTIOCH SERVICENTER, Route 21 & 173, Antioch, Illinois

MILLBURN

October is "Church Loyalty Month" at Millburn and all are urged .to attend services at 11 o'clock each Sunday. Rev. L. H. Messersmith has chosen the subject "What About Temptation" for the sermon Sunday, Oct. 8.

Funeral services for Mrs. Raymond Cobb of Antioch were held in Millburn church Monday afternoon with Rev. L. H. Messersmith officiating, assisted by members of the Eastern Star and Rebekah lodge of Antioch. Burial was in Millburn cemetery.

The monthly card party for the Masonic Building Fund will be held in the Masonic hall Saturday evening, Oct. 7, with the usual games, refreshments and prizes. Arrangements are in charge of Mr. and Mrs. George Connell.

Mr. and Mrs. W. C. Upton spent the weekend with friends in Janesville, Wis.

Rally Day and promotion day were observed at Millburn Sunday school Sunday. The following were promoted from nursery to kindergarten, Dianne Dearinger, Robert Ringe, Mary Jane White, John Wooley, Beverly Crain, Billy Elsbury, Billy Larsen, Charles Paulsen, Sharon Miltmore, Donald Goetz, John Chesney and James Foley. Promoted from kindergarten to primary class were Judy Alm, David Bonner, Deryl Denman, Sharon Geier, Harry Haisma, John Michalek, Robert Pullen, Joyce Stangaard, Lynn Sundin, Elizabeth Williams and Richard Allinson. From the primary class to lower juniors, Dorothy Mae Chope, Charles Dear-Jimmie Peaslee, Billy Paulsen, Dennis West, Archie Salesman, William inger, Douglas Goetz, Steven Lotta, Haisma and John Foley. Lower juniors to juniors were Lynn Geier, Kenneth Elsbury, Marvin Kenimer, Johnny McCracken and Sandra Derer.

Juniors to junior hi, Eugene Salesman, Oralea Paszkiewicz, Mary Schwicht, Judy Riegler, Judy Paulsen, Delores Davis, Shiela Allison, Donna Lee Ames, Lucille Wells, Violet Shedon and Jill Camphausen. Junior hi to high school class were Sharon Weber, Virginia Harness, Ann Schwicht, Vernon Wallberg, Robert Snyder, Mabel Chope, Kent Larson, Robert Mueller, May Miller, and Jeannette Foley.

Mr. and Mrs. Rudy Spaninger and daughter, Lidy, of Brookfield spent Sunday afternoon at the Joseph Strohal home.

Mrs. Paul Erickson and daughter, Louise entertained at their home Saturday evening with 16 relatives and friends present for a bridal shower on Joan Hughes, whose marriage to Harry Stewart will take place Saturday, Oct. 7.

Mrs. Myrtle Savage, Mort Savage and Miss Josie Mann spent Thursday at the Harvye Mann home in Waukegan.

Mr. and Mrs. John Edwards and family, of Libertyville, were supper guests at the Frank Edwards home Sunday evening.

Rev. L. H. Messersmith heard the marriage vows of Jeanne Stoneberg of Zion to G. C. Call, of Waukegan in the presence of thirty relatives and friends at Millburn church Saturday evening, Sept. 30 at 7 o'clock. Attending the couple were Mr. and Mrs. Avery Leable, of Zion.

Mr. and Mrs. Robert McCrae, of Deerfield, were dinner guests at the Eric Anderson home Friday evening.

Mrs. Bertha Newman, who has spent the past two months in Boulder, Colo., returned to the home of her sister, Mrs. J. S. Denman Thursday.

Mr. and Mrs. Howard Buening and son, Lonnie left Saturday for Arizona, where they will make their home.

Mr. and Mrs. Alfred Rowoedt, of Johnson's Creek, called on Mr. and Mrs. Robert Imrie Sunday.

Golfers Beware

A New York newspaper, sponsor of an annual hole-in-one golf tournament, figures the chances of scoring an ace are 11,720 to one. Odds are based on the experience of 16 years, with better-than-average golfers participating.

Spinach

After you buy your spinach, it still needs careful care after you bring it home from the store. If it is not to be used immediately, wash it, wrap it in waxed paper, and put it in a vegetable bag in the vegetable compartment of the refrigerator until ready for use.

Stop the Ants

Ants sometimes find their way through small cracks in cement porch floors and organize a "bread line" into the house. Painting the porch floor will seal such cracks. Porch and deck paint or one of the special coatings for cement surfaces—should be used.

SOCIETY EVENTS

Miss Beverly Lasco Becomes Bride of Preston Reckers

In a candlelight ceremony Miss Beverly Jean Lasco and Preston Reckers, Jr., were united in marriage at the Antioch Methodist church, Saturday, September 30, at 7 o'clock p. m. The Rev. G. Richard Tuttle officiated at the double ring service .

Beverly is the daughter of Mr. and Mrs. H. L. Lasco and Preston is the son of Mr. and Mrs. Preston J. Reckers, Sr.

The bride who was given in marriage by her father, wore a white satin gown, trimmed with chantilly lace, with a long train. A headpiece of orange blossoms held in place her silk illusion veil. She carried a cascade bouquet of Fleur de Amour centered with a white orchid.

The maid of honor, Miss Lou Ann Krohn, cousin of the bride wore a gown of blue taffeta and carried a cascade bouquet of gardenias and blue ponpon mums with a head band of matching color.

Don Johnson, of Chicago, served as best man.

In gowns of blue taffeta were the three bridesmaids, June and Jane Hunter and Elaine Grant, their flowers were rubrum lilies and red roses. Little Carol Lasco, sister of the bride, and Marjory Reckers, sister of the groom, were flower girls and were dressed in blue taffeta, they carried colonial bouquets of pink roses and white carnations.

Ralph Lasco, brother of the bride and Norman Reckers, brother of the groom and Robert Thompson were ushers. Warren Heinie sang, "I Love You Truly" and "Because" and during the ceremony "The Lords Prayer."

The bride's mother wore a gown turquoise lace over taffeta, her flowers were orchids, the groom's mother wore a gown of plum colored crepe, her flowers were orchids.

The bride and groom are both graduates of the Antioch Township high school. A reception for 200 guests was held at the American Legion Home.

HARVEST FESTIVAL OBSERVANCE AT METHODIST CHURCH

Sunday will mark the annual Harvest Festival of the Methodist church in Antioch. The Festival is conducted each year for the benefit of the Lake Bluff Orphanage, a Methodist aided institution at Lake Bluff, Ill.

Church School members and those attending the 11 o'clock morning service are asked by the minister to cooperate in the endeavor which usually sees a great in-gathering of the Harvest from local people.

The Committee on Hospitals and Homes which is arranging for the Festival announces that there will be someone at the church all day Saturday to receive goods which people wish to leave at the church.

At the 11 o'clock service Sunday morning the Rev. G. Richard Tuttle will speak on the subject, "Something Worth Living For." The robed choir under the direction of Mr. Charles B. Watson will sing. A nursery for parents with small children is conducted in the basement of the church during the worship service. All are cordially invited.

• • •

LARGE CROWD ATTENDS O. E. S. MEMBERS NIGHT

Over a hundred guests attended Members night at Antioch Chapter Order of Eastern star Thursday evening at the Masonic hall. Mrs. Betty Vanderkloot and Harold Wilson served in the East, with Mrs. Ann Heath and Richard Chapman in the West, Mrs. Minnie Lux Taylor, of Waukegan was honored guest and Ira Simons a charter member was introduced. Other offices were filled by members of Antioch Chapter. Mrs. Edith Elms and Arthur Rosenfeldt are worthy matron and patron of Antioch chapter. Following the meeting luncheon was served in the dining room, the tables were decorated with colorful favors.

• • •

RAY WEBB IMPROVING

Raymond Webb, former owner and operator of Webb's Racket Store, underwent a major operation at St. Mary's hospital, Rochester, Minnesota, a week ago. Mr. and Mrs. Donald Gibbs called on him last Thursday and report that his condition is favorable. Miss Elizabeth Webb is in Rochester with her brother.

Paris Cannot Withdraw From New H. S. District

The effort of Paris township to withdraw from the new high school district in Kenosha county failed.

Paris desired attachment to Union Grove but at a meeting in the Paris town hall last Thursday night it failed to get the majority approval of the five town boards of Bristol, Wheatland, Paris, Brighton, and Salem. Majorities in Bristol and Brighton boards opposed the action.

CHIROPODIST OPENS OFFICE IN ANTIOCH

Dr. C. M. Solar, foot specialist, has been having office hours on Fridays and Saturday in the First National bank building for several weeks.

In rites at the Antioch Methodist church Saturday, Sept. 23, Miss Joan Conrad, Channel Lake, and Raymond Toft, Antioch, were united in marriage by the Rev. G. Richard Tuttle.

Friday, Nov. 3 Is Date for Co.-Wide Rat Killing Day

Plans have been made for a county-wide rat killing in Lake County. Farm Adviser Ray T. Nicholas states that Friday, November 3, is the date set for the distribution of prepared baits to farmers and others who cooperate in the campaign.

The new poison called warfarin will be made available as well as red squill. Mr. Nicholas explains that red squill is effective in getting a quick kill of rats, as it can be placed along rat runways. Warfarin must be placed under an overturned box or other shelter to prevent cats and dogs from eating the bait. Warfarin should be left out for a few weeks or longer to get the best results. The use of red squill to get a quick kill of most rats, followed by warfarin bait to clean up all of the rats and mice, is the advocated way of combating rats during the campaign.

Both the red squill and warfarin will be made available at a non-profit price as a means of getting rid of rats on all properties at the same time. The high price of food materials makes it a paying matter to kill these rodent pests before winter sets in, according to Mr. Nicholas, who adds that never before have farmers and townspeople had this opportunity to completely remove the rats and mice through the use of the two poisons.

Townspeople who are bothered with rats and mice should contact the Agricultural Extension office, Grayslake, Ill., for details about the rat distribution.

U.S. Locksmiths Making It Tough Upon Spies

NEW YORK. — American lockspies.

They have come up with some new locks which they say will defy the best efforts of the finest espionage agents in the world.

Even our own agents, and there are none finer, admit they can't crack the new locks.

As for burglars and criminal safe crackers, they just aren't in the running.

Three new locks now are being shown. One already is in use, a second is ready for general distribution, and a third was set up on an experimental basis only a few days ago. All three are made by Sargent & Greenleaf, Inc., of Rochester, N. Y.

The company, founded in 1857, says its invention of the time lock was the greatest forward step in the industry until today.

To mark that milestone, Sargent Greenleaf invited to a private showing in a New York hotel what it considers some of the best picklocks in the country. They also invited bankers, businessmen and government agents.

Some of these lock experts can be quoted. The agents can't because their job is two-fold. One is to pick the other fellow's lock. The second is to protect their secrets.

Combination locks are simple. Discs with slots are aligned until a lever falls into the slots. Then the lock opens. The moving discs and the falling lever makes a noise.

Legendary cracksmen filed their fingertips to the quick and felt the movement. So locks were refined. Then cracksmen used stethescopes to listen to the movement. Locks then were made too smooth for that device.

Chub Catch

The chub catch is up in the Lake Michigan-Green bay waters. It ran at 2,500,000 annually in four years prior to 1949 and amounted to 3,700,000 pounds last year.

Steel Wire

More than 85 pounds of all kinds of steel wire were produced for every person in the United States in 1948, or enough to supply each with about 2½ miles of 18 gauge wire.

Uncle Sam Says

There IS a way to put a stopper on money evaporation and that is the purchase of U. S. Savings Bonds by the safe, sure and automatic way of saving. Join the millions of wise Americans who have done something about their financial future. They just got tired of banking out of their hip pocket and then waiting for the breaks—which didn't come. The simplest way is to join in the coming U. S. Savings Bonds Independence Campaign, May 15-July 4, and "Save For Your Independence." Enroll now for the Payroll Savings Plan where you work, or if self-employed, the Bond-A-Month Plan at your bank. And in 1960 you'll collect $4 for every $3 invested in 1950. *U. S. Treasury Department*

WIN

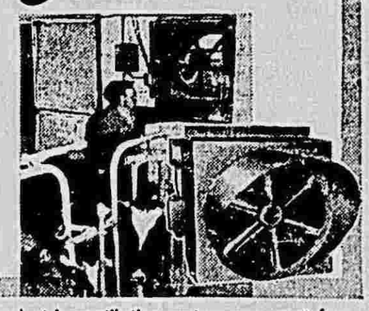

An Aerovent Venti-Pack worth $150.00 or a Credit Certificate worth $25.00 toward the purchase of an Aerovent Venti-Pack

58 VALUABLE PRIZES

★ 6 Complete Aerovent Venti-Packs
★ 52 Credit Certificates

In NORTHERN ILLINOIS Farm Life easy Ventilation Contest

The Aerovent Venti-Pack for complete, carefree ventilation

Sturdily constructed for long life, trouble-free service
Complete with totally enclosed, ball bearing motor, weather board, guard, shutter and all controls
Easily installed in square opening in walls or windows
Thermostatically controlled dampering shutter works automatically—when fan is stopped, damper closes automatically to prevent backdrafts
Shutters mounted inside fan housing for protection against weather

Here's your chance to win that completely automatic electric ventilating system you want for your dairy barn, hog, or poultry house. Farm Life's Ventilation Contest offers 6 Aerovent Venti-Packs each worth $150, and 52 Credit Certificates, each worth $25.00 towards the purchase of a similar unit—58 prizes in all, for the winners of this easy contest.

Complete the following sentence in 50 additional words or less: "We need an Automatic Electric Ventilating System because . . ." That's all there is to it . . . nothing to buy, nothing to sell.

Notice: All entries must be clearly written or printed on the official entry blank furnished in Farm Life Magazines. Submit as many entries as you like, but, remember, no entrant may win more than one award.

HOW TO GET YOUR OFFICIAL ENTRY BLANK

You will find your official entry blank for Farm Life's Ventilation Contest in Farm Life Magazine, or you can get one from your local electric utility store or office. Remember to print clearly your name and address.

Contest ends Midnight, October 31, 1950.

Your entry must be postmarked before midnight, October 31, 1950. Judging will start immediately so the winners can have their ventilation systems in operation as soon as possible. Winners will be contacted immediately after the judges have made their decisions. Sincerity and thought content are all that matter in this simple contest . . . No need to dress up your entry . . . It's what you say that counts.

WHO CAN ENTER

Farm owners, tenants, farm managers and members of their respective families residing in the rural areas served by the Public Service Company of Northern Illinois, Illinois Northern Utilities Company, or the Western United Gas and Electric Company in the following counties are eligible to enter this contest:

Boone	*DuPage*	*Kankakee*	*Livingston*	*Peoria*
Bureau	*Grundy*	*Kendall*	*Marshall-Putnam*	*Stark*
Carroll	*Henry*	*Lake*	*McHenry*	*Stephenson*
Cook	*Jo Daviess*	*La Salle*	*Mercer*	*Whiteside*
De Kalb	*Kane*	*Lee*	*Ogle*	*Will*
				Woodford

JUST FOLLOW THESE SIMPLE RULES

1. In your own 50 words or less, complete the sentence "We need an automatic electric ventilating system because . . ." on the official entry blank. *Clearly print your name and address on the entry, and mail.*
2. Contest entries must be postmarked before midnight, Tuesday, October 31, 1950, the closing date of the contest.
3. Entries will be judged on originality, suitability and aptness. Decorated or fancy entries will not count extra. Judges' decisions will be final, and in case of ties, duplicate prizes will be awarded. No entries will be returned. Contents and ideas therein become the property of FARM LIFE MAGAZINE.
4. Grand Prize and Certificate winners will be notified as soon as possible and in person by their local Ag Engineer and their names will be published in FARM LIFE MAGAZINE. No entrant may win more than one award.
5. Farm owners, tenants, farm managers and members of their respective families who are rural residents in the area served by the Public Service Company of Northern Illinois, Illinois Northern Utilities Company, or the Western United Gas and Electric Company in the counties listed are eligible to enter the contest.

Employes of the companies, their advertising agencies, and members of employes' families are not eligible to enter.

PUBLIC SERVICE COMPANY OF NORTHERN ILLINOIS

Bronchitis in Chicks

Chicks sometimes are born with temporary immunity to infectious bronchitis, but you can't depend on it. That is the warning to be drawn from studies made at the Veterinary Research Institute of Iowa state college. The former belief was that if a hen recovers from an attack of infectious bronchitis, chicks hatched from her eggs will inherit a short-term immunity to the disease. But the Iowa studies showed that many baby chicks from recovered hens became infected just the same.

Master Showman

Phineas T. Barnum got his first real start in show business by managing the affairs of a remarkable juggler who had an equally remarkable dislike for soap and water. Once Barnum had prevailed upon the worthy gentleman to take a bath, he had no trouble building him into a popular entertainer. The world's greatest showman and founder of the Barnum and Bailey Circus, was born July 1810.

Bedtime Snack

A little, but not too much is the rule for bedtime snacks. A little snack of something light and easily digested just before bedtime will help avoid the stomach contractions of hunger pains which can cause restless, disturbed sleep. Too much heavy food, on the other hand, will cause extreme discomfort, disturbing sleep even more.

Site of Kansas City

An enterprising French trader named Etienne de Bourgmont camped at the future site of Kansas City in 1712 and was the first European to visit there. Daniel Morgan Boone, son of the more famous Daniel, was probably the first American to reach the spot.

Marine Duties

Guarding the mails was one of the odd duties marines performed in past years. In 1921, and again in 1926, Leathernecks were assigned this task at the request of the post office department and were highly commended for their efficiency.

Drownings

Drownings rank third among causes of accidental death in the United States, taking about 6,500 lives yearly.

Strawberry Jam

Strawberry jam should be stored in a cool, dark place in order to preserve its color satisfactorily.

Rustproof Lures

Highly polished stainless steel lures for trolling and casting do not rust even during long periods of idleness in the tackle box.

Rooms for Rent

The YMCA Hotel in Chicago is one of the 10 largest hotels in the world.

Home Permanents

More home permanents are used during June, July and August than any other time of the year. With frequent trimming needed to keep short summer styles neat and attractive, women find they need permanents more often. The ease and economy of home waving make it the favorite method for obtaining short-hair curls.

Heraldry

"A lion statant on a field gules" sounds strange to us today. This is the terminology of heraldry, the science of coats of arms. Translated, it means "A lion standing on a shield etched in red." The Herald's college, established in England in the late 1400's, still exists, but heraldry is now known as "the science of armorial bearings."

REPRESENTATIVE IN CONGRESS, Thirteenth District
REPRESENTATIVE IN GENERAL ASSEMBLY
Eighth Senatorial District
(Three to be Elected)
COUNTY JUDGE
COUNTY CLERK
PROBATE JUDGE
CLERK OF THE PROBATE COURT
COUNTY TREASURER
SHERIFF
COUNTY SUPERINTENDENT OF SCHOOLS

and the following propositions:

THE PROPOSED AMENDMENT TO SECTION 2, ARTICLE XIV, OF THE CONSTITUTION OF THE STATE OF ILLINOIS

Explanation of Proposed Amendment

A comparison of Section 2 of Article XIV (which provides the method of adopting amendments to the Constitution) as now in force and as sought to be amended follows:

Provision of Present Constitution	Changes Made by Proposed Amendment
1. Amendments to not more than one article may be submitted at any session.	1. Amendments to not more than three articles may be submitted at any session.
2. Requires the votes of a majority of all electors voting at the election.	2. Requires the vote of a majority of all electors voting at the election or of two-thirds of those voting on the proposition, whichever is less.
3. The form of the ballot for submitting Constitutional amendments is determined by action of the General Assembly.	3. Future amendments would be submitted either on a separate ballot or in a separate column on the ballot.

For this proposed amendment to be adopted it must receive a majority of all votes cast at the general election, November 7, 1950. Failure to vote on the proposition has the same effect as voting against it.

	YES	For the proposed amendment to Section 2 of Article XIV of the Constitution
	NO	

and

For the establishment and maintenance of a County Health Department.

"Shall Lake County establish and maintain a Health Department and levy therefor, in excess of the statutory limit, an additional annual tax of not to exceed .05 per cent of the full fair cash value as equalized or assessed by the Department of Revenue on all taxable property in Lake County?"	YES	
	NO	

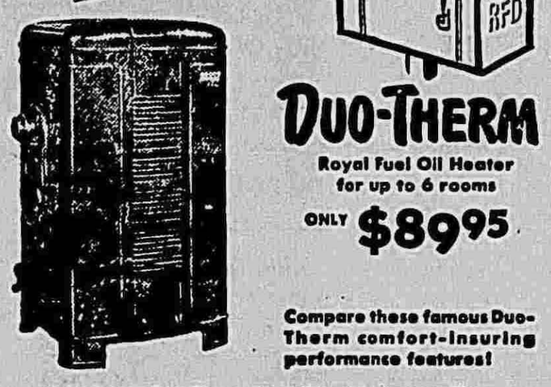

The polls will be open from 6 o'clock A. M. to 5 o'clock P. M. on said day.

Dated at Waukegan, County of Lake and State of Illinois, this 2nd day of October, A. D., 1950.

Don't Be Satisfied With Symptomatic Relief!

HADACOL NOW MAKES IT POSSIBLE TO RELIEVE THE CAUSE OF YOUR SICKNESS

Neuritis Pains, Stomach Disturbances, Indigestion, Gas, Constipation, Certain Nervous Disorders and a General Run-down Condition

When due to lack of Vitamins B_1, B_2, Iron and Niacin in your system!

Read How These Folks Benefited Who Had Such Deficiencies

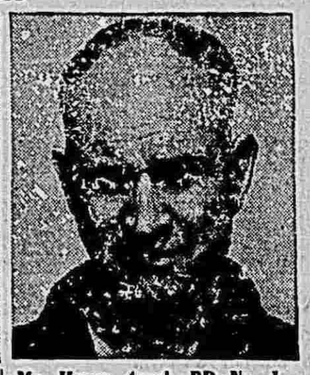

Mr. Anthamatten, 4731 South 32nd West Ave., Tulsa 7, Oklahoma, suffered from stomach distress for quite some time. He had spent much money trying everything possible for relief and was in bad health when he started taking HADACOL. He says, "After taking three bottles of the $3.50 size, I've gained 27 pounds and now eat anything I desire and positively have no trouble." (HADACOL gives such wonderful results because it actually relieves the REAL CAUSE of stomach distress [gas pains, heartburn, indigestion after eating] due to such deficiencies. And continued use of this great HADACOL helps prevent such distress from returning.)

Mrs. Mabel Kitchen, 1650 Amsterdam, Cincinnati, Ohio. "Before I started taking HADACOL I had aches and pains of neuritis in my shoulders, my back and arms. I could hardly move without having those terrible pains. Then I heard about HADACOL. After the second bottle the pains and aches were about gone. I'm now starting my fourth bottle and am on top of the world. I eat well and, best of all, the aches and pains are completely gone." (Mrs. Kitchen is a very smart woman because she relieves the REAL CAUSE of her neuritis pains due to such deficiencies. HADACOL often brings a wonderful improvement within a few days' time.)

Mrs. J. Sciesinski, 514 Kruger, Ottumwa, Iowa, writes: "My daughter, Marilyn Sue, is 5 years old and for some time lacked pep, had a poor appetite, was generally run-down. Since giving her HADACOL, we have noticed wonderful results . . . she has a much better appetite, eats everything on the table and doesn't seem tired like she used to. Incidentally, she likes to take HADACOL, too." (HADACOL is a great 'builder-upper' for sick, nervous, puny kids whose systems lack precious Vitamins B_1, B_2, Iron and Niacin. A big improvement in their well-being is often noticed within a few days' time after taking the great new HADACOL.)

Mr. Henry Angel, RD No. 1, Springfield, Ohio. "I used to suffer great pain from neuritis aches in all parts of my body, especially in my legs, arms and shoulders. I never got any real relief until I tried HADACOL. After taking several bottles, my pain is all gone. And I'm working every day." (Now there's a smart man! Mr. Angel took HADACOL and relieved the REAL CAUSE of his neuritis pains because they were due to such deficiencies. HADACOL is helping thousands upon thousands of grateful men and women troubled this way. Why don't you give HADACOL a chance to help you? Start taking it today!)

IMPORTANT! Why don't you get that *wonderful* HADACOL feeling everyone is talking about? In this modern age, wise folks are no longer satisfied with symptomatic relief — because now it's possible to relieve the CAUSE of such deficiency sickness with that wonderful new HADACOL.

HADACOL not only supplies deficient systems with extra quantities of Vitamins B_1, B_2, Iron and Niacin but also helpful amounts of precious Calcium, Phosphorus and Manganese—vital elements every human being must have to maintain good health. You owe it to yourself to give HADACOL a fair trial. Many doctors recommend this great new HADACOL. It's sold on a strict money-back guarantee. Trial size, $1.25. Large family or hospital size, $3.50.

WILMOT

Michael Thome, of Schaumburg, will spend a few days with his grandparents, Mr. and Mrs. Gust Neuman while his parents, Mr. and Mrs. Matt Thome and brother, Paul, are attending the Waterloo, Iowa State Fair.

Filler Serves as Base

A paste wood filler is a compound supplied in the form of a rather stiff paste for filling the grain of hard woods, so as to provide a level, non-absorbent surface for varnishing. The compounds consist usually of finely powdered transparent or translucent mineral substances, ground in a special type of varnish. They are applied by brushing and, after setting and before hardening, the surplus is wiped from the surface of the wood.

Doll Houses

Dolls and dollhouses may be considered strictly little girl toys nowadays, but 300 years ago they were the fashion for both men and women. Many wealthy persons had huge dollhouses furnished in details like their own homes, and even such a virile and dynamic fellow as Peter the Great of Russia once ordered one. However, the World Book encyclopedia tells us that Peter's house cost too much, and he refused to pay for it.

Friction Match

Following the invention of the friction match in 1827 by the English apothecary, John Walker, several frightening species came on the market bearing the names "lucifer," "parlor," and "flamer." All either contained or were meant to be struck against phosphorus, poisonous and deadly.

TO SOMETHING NEW
IN FUEL OIL

Wake up to new, Anti-Rust Sinclair Fuel Oil — the oil that contains the amazing chemical ingredient RD-119, developed by Sinclair Research.

RD-119 assures you a purer, cleaner fuel oil than ever because it stops rust in the pipe lines, tank cars and trucks which carry the oil from the refinery to your home. In your burner, RD-119 protects against rust and corrosion that clog strainers and burner nozzle—protects against the excessive wear on burner parts caused by abrasive rust particles.

Yet new, Anti-Rust Sinclair Fuel Oil costs no more than ordinary fuel oil. Phone us today.

Better Buy Buick!

PERHAPS you've noticed that there seem to be a lot of these brawny beauties running around on America's highways—and it isn't just that boldly gleaming forefront that spreads this impression.

It isn't just the fact that folks who own a Buick get such a bang out of it that they do a lot of driving.

Back of all this is another fact. It's a fact that contains a broad hint to anyone who'd like to know what's what in motorcar buys. *1950 Buicks are breaking all past popularity records, as registered in sales.*

So we suggest that you do some personal investigating.

Find out, for example, how masterful you feel, with Fireball power purring away the miles, at a polite touch of your toe on the gas treadle.

Find out how the jolts and jars seem to disappear, when you have big soft coil springs on all four wheels, and fat low-pressure tires on wide Safety-Ride rims.

Then there's Dynaflow Drive,* which Buick owners vote the biggest automotive hit that has come along in years.

With all this, there's room, and comfort, and road-hugging heft combined with a light and willing response to your hand on the wheel—*and prices that start down with the sizes.*

Seems like almost everyone wants to own one of these Buicks—and most people can. How about you? Isn't it a smart idea to see your Buick dealer now and get your name on his list?

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

Only BUICK has Dynaflow—and with it gives: HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models.) • NEW-PATTERN STYLING, with MULTI-GUARD forefront, taper-through fenders • TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube

Tune in HENRY J. TAYLOR, ABC Network, every Monday evening. YOUR KEY TO GREATER VALUE

Thank Your BUICK Dealer for a Wonderful Deal Like This!

Athletic Program.....

(Continued from page 1)

schools of comparable size by organizing the boys who wish to enter competive sports into three levels of competition Freshman, Sophomore and Varsity. A regular schedule is arranged for the freshman and sophomore teams so that these boys are playing against players of their age and experience. When such a sport's program is so organized many more boys have an opportunity to enjoy the benefits of the program. In our high school there are approximately 80 boys out for football this season. The Varsity squad is playing 7 interschool games; the freshman 4 games; and the sophomores 4 games. Games with other schools break the monotony of long scrimmages and hard work which the player must have in order to be in condition for the game. It also provides incentive for the best efforts of the individual players.

"All of the coaches in the high school teach a regular schedule of academic classes in addition to their assignments as coaches. We believe this practice sound as it places the boys under the direction of men on the playing field who have the same boys in academic classes. Under such an arrangement it gives the coaches an opportunity to meet the students in a more informal situation and thereby get to know him better. All of the coaches are well trained in the respective sports as well as being adept in the handling of students.

"Freshman students are given time during the regular school day at which they may engage in competitive sports if they choose. In many instances freshman are rather reticent and hesitate to come out for sports if they must stay after school for practice—and if they are the "tag end" of the varsity they get very little opportunity for either practice or play. After competing for a couple of years with boys of their age and experience they are in a good position to decide whether they care for more competition on the varsity squad."

Moose Bowling League To Meet Here Sunday

First matches in the newly organzied Moose traveling league will take place at the Antioch Recreation on Sunday, October 8. The new league which will bowl on the home alleys of the eight member teams on alternate Sundays, was organized by a Moose committee from the Woodstock lodge.

The Antioch lodge will be represented by eight bowlers, headed by J. Benes. Other members and substitutes on the team will be Les Hybarger, Bob Boettcher, Jim Suden, Bill Johnson, John Waldweiler, Jack Smith and Joe. Gorlitz.

The team will travel to each of the towns on the second and third Sundays of each month. Member teams of the league are Antioch, Woodstock, Zion, Waukegan, Harvard, Crystal Lake, N. Chicago and Highland Park.

Women's Handicap League

Regal China won two out of three games from Kempf's. H. Vogler 400 for Regal. E. Weber 422 for Kempfs.

Linders lost two games to King's Drug store. H. Hawkins 475 for Linders. J. DeBoer 496 for King's Drug Store.

Salem lost two games to Pagels. H. King 406 for Salem. G. Dupre 445 for Pagels.

Art's Paint Store took all three games from Slide Inn. B. Meyer 395 for Art's Paint Store. L. Fernandez 511 for Slide Inn.

Seyfarth's lost two games to Our Country Club. D. Bauer 486 for Seyfarths. F. Herron 490 for Our Country Club.

Bud's Tavern won two games from the Antioch News. J. Schneider 500 for Bud's. D. Ferris 518 for the News.

High team series Bud's 745, 797, 738—2280. High individual series D. Ferris 156, 171, 191—518. High individual game D. Bauer 209.

Women's Major League

Bussie's took all three games from Reeves. K. Manzardo 534 for Bussie's. E. Courtney 623 for Reeves.

Blums won two out of three games from Johnson's. F. Strametz 521 for Blums. D. Ferris 567 for Johnson's.

Casey's won two out of three games from Barnstable and Brogan. H. Beduhn 477 for Caseys. M. Walsh 448 for Barnstable and Brogan.

Thursday Business Mens League

High team series was taken by B-Z-B on games of 911, 820, 792 for 2531 followed by Carey Electric with 2511. High team game honors went to B-Z-B with 911 followed by Salem Businessmen with 907. Bruno Manzardo was high individual scorer on games of 205, 197, 166 for 568 followed closely by F. Hartnell with 564. Harold Gaston had high game of 213 and C. Reed was second high with 211.

Antioch Servicenter won all three games from Regal China. Lake Villa Lumber Co., won all three from Seyfarths. Carey Electric won all three from Johnson's. B-Z-B took Millburn for all three games. Keulman's won two out of three from Salem and Antioch Milling Co., won two out of three from the Lions club.

Nazis

53 Still Active

BONN, Germany, — After months of research it was announced that there are 53 former Nazis in the German government, members of the popularly elected Bundestag, or parliament, of west Germany.

Of the 53, three were members of the elite guard.

The three party government coalition breaks down like this: Of 139 Christian democrats, 21 were Nazis. Of 52 Free Democrats, 16 were Nazis. Of 17 German party deputies, six were Nazis.

The cluster of nazis represents more than one-eight of the 402-man Bondestag. Most of them probably were pressured into joining the party after Adolph Hitler came to power, but nine joined up before he became chancellor.

Ten of the Nazis were from United States - occupied Bavaria. The British-occupied area of northern Germany contributed 27. The Rhur state of North Rhine-Westphalia, the most populous in western Germany, had only seven former Nazis in its 109-man delegation.

Modern Seamen Tell Of Strange Visions, Vanishing Islands

NEW YORK — The ancient tales of seamen about strange visions and ghost ships and vanishing islands are being retold by modern seamen.

Here are some of the most recent tales as reported in the Coast Guard Bulletin:

The U. S. S. Chicago, a cruiser, reported Urania island, jutting 110 feet out of the sea, near Aogo Shima in the Pacific. A year later, seamen were astonished to find no land at all there, but only a row of breakers. Two months later the Lindenwood Victory reported not even the breakers remained.

The American freighter, Charles A. McCue, sailed for 15 miles through a patch of blood red water of the west coast of South America. The second mate and helmsman saw a 30 foot octopus frailing about helplessly in the water while many large and small fish floated on the surface. The water changed color to pea green when lifted aboard and placed in a bottle.

The second officer of the American ship Henry Lamb reports he clearly saw the peaks of mountains which he identified as the Azores, 680 miles away. The United States navy later explained that the irregular sunset heat had turned the atmosphere into gigantic lens and that he actually had seen the islands.

Capt. G. T. Boyett of the Bluefield Victory reported 20 different mirages on one evening in the short journey from England to France. They rated from three lighthouses side by side and two coastal cities, one inverted on top of the other, to two tall, thin ships also one inverted on the other.

New Cancer Technique Like Barbecuing Roast

NEW YORK. — The American Cancer society has reported a new method of giving X-rays which works like barbecuing of roasts.

The patient sits on a turntable, which slowly revolves, while a beam of X-rays plays on him. The difference between this X-ray treatment and barbecuing is that the ray strikes only in a narrow zone around the body.

This new method is used to treat cancer deep within the body. The X-ray is focused so its principal strength hits about the site of the cancer.

Such rays, however, burn all the tissues through which they pass before reaching the deep cancer. Frequently the amount of X-rays which can be given the patient are limited by the amount of burning of the healthy tissues.

The burning of the healthy tissues sometimes interferes so much that a patient's life cannot be saved.

By the barbecue method the X-rays remain focused on the cancer all the time, but are never on one spot of healthy tissues for long. This results in a wider area burned, but in less severe burning in any one healthy area.

This technique was developed at the Massachusetts Institute of Technology by Dr. John G. Trump, associate professor of electrical engineering. Dr. Hugh F. Hare of the Lahey Clinic, Boston reported:

"This is the most promising method evolved so far of treating deep tumors susceptible to radiation, including many cases previously considered inaccessible."

The barbecue ray is two million volts. As a substitute, when the patient cannot be rotated on account of the cancer, several simultaneous beams are used. They enter from different angles. The healthy tissues are subjected to the burning effects of only one ray, while the cancer gets the combined effect of several.

Social Studies Classes To Aid United Nations Crusade for Freedom

The social studies department of the Antioch Township High school under the direction of Mrs. Jeanette Tulumello will participate in the United Nations Crusade for Freedom on Oct. 24.

Gifts for which the giver's name will be signed to a scroll to be presented at the dedication of a Liberty bell in Berlin on that date will be received next week by the students.

The money will help pay for the bell which is being cast at Croydon, England. Around the exterior the bell has images of men passing a scroll of freedom, indicating that freedom can be passed around the world.

The bell will be hung in the American zone of Berlin behind the iron curtain of Russia and will be rung each day in freedom's cause.

The department is planning a panel discussion on Oct. 24 to which the public is invited.

The crusade is one of the monthly projects the students in history have each month.

Farm Bureau President Heads Get-Out-The Vote Campaign

Ronald Paddock, prominent dairy farmer near Volo, and president of the Lake County Farm bureau, has been named chairman of the Lake County non-partisan committee for the Get-Out-The-Vote" Campaign.

The Rev. L. H. Messersmith of Millburn was selected as vice chairman for the western part of Lake County, and Lee R. Fleming of Zion was chosen vice chairman for the Lake Shore area.

Ray T. Nicholas, Lake County Farm Adviser, was selected as publicity chairman for the campaign.

The goal of the campaign will be to contact every family in Lake County and urge every registered voter to cast a ballot on November 7, regardless of party affiliation. Those in charge of the campaign want it thoroughly understood that this is an entirely non-partisan effort to get more people to exercise their privilege by casting their ballot.

The campaign committee will be enlarged to include an advisory committee of 25 to 30 men and women who will, in turn, meet and select chairmen and chairwomen for each of the 18 townships. These township workers will name on their committee as many men and women needed to contact every family in their blocks or precincts urging every registered voter to vote.

Mr. Paddock stated that this campaign will not be in favor of, nor against any person or plan for which the voters may cast their ballot on November 7.

"We don't care how anyone votes," declared the chairman. "Our one and only job is to see that every registered voter goes to the polls on Nov. 7 and votes his choice."

Mrs. Opal Cobb Dies Suddenly

Mrs. Opal A. Cobb, 37, Lake Marie, died suddenly of a stroke, Friday, September 29, at 12:55 p. m. at Victory Memorial hospital, Waukegan.

She was born October 27, 1912 at Bloomer, Wisconsin. She came to Waukegan with her parents at the age of 15, lived there until 1940, and made her home at Millburn and Antioch since.

She was a member of Antioch Chapter Order of Easter Star and of the Antioch Rebekah Lodge.

Suriviors include her husband, Ray, one daughter, Mrs. Johanna Thomson, Lake Forest and a son, William Joseph of Antioch, her parents, Mr. and Mrs. Lemuel Tallman, Waukegan; five brothers, Thomas Tallman, Zion; Lloyd Harvey, Knoxville, Iowa; Philip Oeling, Champaign; Wiliam Oeling, Bloomer; three sisters, Mrs. Earle Wilson, Winthrop Harbor; Mesdames Donald Cartwright and Sewell Sharp, both of Waukegan.

Funeral services were held Monday at 2 o'clock at the Millburn Congregational Church, with the Rev. L. H. Messersmith officiating. Antioch Chapter Eastern Star and the Rebekah Lodge conducted grave side services. Burial was in Millburn cemetery.

Registration Deadline Oct. 11

If you have changed your place of residence, changed your name, or reached 21 it will be necessary for you to register to vote in November. Next Wednesday will be the deadline when you can register. Up to and including Tuesday registration for this community will be at the Antioch Ford garage. On Wednesday, registration will be at the precinct polling place.

Customers' Corner

Packing your order may sound like a little thing, but our trained employees give it a lot of thought.

They know that it isn't right to place five pounds of flour on top of a quarter pound of butter . . . or to place soap next to cheese.

The men and women of A&P will appreciate it if you will let them have any suggestions as to how they can make a handier package for you to take home.
